VIRGINIA HEALTH INFORMATION PUBLISHES 2018 INDUSTRY REPORT: COMPARING THE PERFORMANCE OF VIRGINIA'S HEALTHCARE PROVIDERS

Richmond, VA – Virginia Health Information (VHI) has published its 2018 report on the efficiency and productivity of hospitals and nursing homes. This report sorts large quantities of data into key indicators of efficiency and productivity to meet the needs of large employers and purchasers of care. VHI includes information on how often hospitals treat medical conditions, perform surgeries, transplants and psychiatric care to help consumers looking for the most experienced hospital for their care.

Published every year, the report gives consumers and purchasers access to information about the quality and price of healthcare services. With an increased demand of healthcare transparency in today's competitive market, VHI's Industry Report supports negotiations with healthcare providers by private healthcare purchasers and government programs.

VHI gathers and verifies detailed financial and operational data on all hospitals, nursing homes and ambulatory surgical centers licensed in Virginia. Included in the Industry Report is data on charity care, staffing levels, profit margins and more than a dozen other utilization and efficiency indicators across five performance categories: charges, costs, productivity and utilization, financial viability and community support.

Congratulations to this year's hospitals below as the top 5 overall most efficient and productive:

- Johnston Memorial Hospital
- Novant Health UVA Health System Haymarket Medical Center
- Riverside Walter Reed Hospital
- Sentara Virginia Beach General Hospital
- Virginia Hospital Center

Information from the 2018 Industry Report is available for each hospital at no cost at http://www.vhi.org/efficiency_compare.asp. Want all the details in easy to use Microsoft Excel files? Please visit http://www.vhi.org/industry_reports.asp. While there, download a quick look at regional comparisons of nursing homes and hospitals.

Virginia Health Information (VHI) is the nonprofit organization that businesses, consumers, the Commonwealth of Virginia and health insurance companies go to for health information. VHI publishes reports and consumer guides on health insurance, hospitals, HMOs, nursing facilities, physicians and other topics at www.vhi.org. To find the latest updates on healthcare data and statistics, find and like VHI on Facebook at www.facebook.com/vahealth.
